Product Summary

Without all the trouble of wiring a complete solar system, this Yeti 1250 MAX package provides 265W premium solar module, and the Goal Zero Yeti 1250 integrated solar battery pack. Mount the panel. Run the cable down to the Yeti. Done.

Free shipping in Canada - We can ship this from Ontario for fast delivery across Canada

Product Description

Go big, or go home.

You are miles from any utility, but that doesn't matter... this is your getaway place.

But you would like to have electricity available for lights & other things. And without all the trouble of wiring a complete solar system.

The Yeti 1250 MAX is for you.

Free shipping in Canada - We can ship from Ontario for fast delivery across Canada

This Yeti 1250 MAX package combines the single-unit convenience & exceptional performance of the Goal Zero Yeti 1250 battery, with the maximum-sized solar panel for the Yeti's input MPPT controller. Fantastic value for anyone who wants a simple plug & play solar power system for cottage or cabin. With one purchase, you have 265 Watts of premium crystalline cell solar panel, combined with a 100Ahr AGM battery pack, fully integrated with 12V DC outlet, USB ports, and 1200 Watt pure sinewave AC power.

Charge the Yeti 1250 from the included 265W solar array, from your household power outlets, or from your car's cigarette socket.

Use the Yeti 1250 MAX Kit for emergency back-up, camping, or remote seasonal cabin. It's the safe, convenient way to take an instant solar power system on location.

What's Included with the Yeti 1250 MAX...

- 1 x Goal Zero Yeti 1250 Solar Generator

1 x 265Watt premium Solar Panel

(selected according to best market rate from major brands:

Hanwha, REC, CSun, SolarWorld, Canadian Solar)

- 1 x 25' solar panel extension cable with MC4 connectors (longer extension cables are available) - 1 x Roll Cart

What Can The Yeti 1250 MAX Power?

Just about anything...

Computers, phones, radios, TVs, DVDs, CPAP & other medical equipment, small fridges, microwave ovens, lights, all USB devices, and much more. Like your own little utility company!

Need more battery capacity?

Simply use the [Goal Zero Yeti ring terminal chaining cable](#)], and purchase a 100Ahr

AGM battery from any local automotive/marine retailer (saves the nasty shipping costs of batteries!). We can help you find the one you need.
