Go Power! 's most efficient solar kit currently available, the Retreat is top-of-the-line and features a 30-amp dual-bank and Bluetooth PWM Solar Controller for easy use.

Product Description

Go Power!'s 100-Watt Retreat Solar Kit. The simple way to get into solar with quality components and straightforward installation. The Retreat 100W (5.43A) Solar Kit with Digital Controller is ideal for RVs and boats with limited roof space. As Go Power! 's most efficient solar kit currently available, the Retreat is top-of-the-line and features a 30-amp dual-bank and Bluetooth PWM Solar Controller for easy use.

The Go Power Retreat Kit Includes...

100-watt solar panel ([GP-PV-100M](#)]

30-amp dual-bank, Bluetooth® PWM Solar Controller ([GP-PWM-30-UL](#))]* - 25' of solar output cable - RED (#10) - 25' of solar output cable - BLACK (#10) - Mounting hardware (1 x GP-MH-4-KB)

Your battery will power lights, fans and other DC appliances. Solar will help to ensure a healthy battery charge and extend the life up to 50%! Save the cost of shore power and battery replacements.

- Maintenance free and designed to provide decades of uninterrupted power - 25-year limited solar panel output power warranty - Easy to install, flush mounted 30 amp digital solar controller - Expandable (allows for 570 watts of solar with the same controller) - Includes everything for a simple installation: all mounting hardware and 50' of MC4 quickconnect cables. - Digital pulse width modulated (PWM) solar controller, with Bluetooth® Wireless Technology, regulates the battery charging system and prevents over-charging and damage to the battery. Simple push button operation. 5 year warranty.
