Product Summary

A small, high amperage busbar that comes in handy when tying batteries, charge controllers, and inverter DC inputs together at a common point. Rated up to 200A between the studs, and unlimited (ie to rating of your cables and lugs) when stacking connections on a single post. 3/8" terminal studs accommodate the largest battery lugs.

Product Description

A small, high amperage busbar that comes in handy when tying batteries, charge controllers, and inverter DC inputs together at a common point. Rated up to 200A between the studs, and unlimited (ie to rating of your cables and lugs) when stacking connections on a single post. 3/8" terminal studs accommodate the largest battery lugs.

Blue Sea 2020 Specifications

- Maximum Voltage: 48V DC - Continuous Rating: 200A DC - Number of Terminal Studs: 2 - Terminal Stud Size: 3/8" - 16 - Base Material: Tin-Plated Copper CDA 110/UNS 11000 - Dimensions: 2.75"W x 1.650"H x 1.875"D - Weight: 0.32 lbs / 145g

Product Attributes

- Dimensions: 1 × 1 × 1 cm
- Weight: .2 kg
