

## Batt Pack Jupiter : Advanced Portable Energy System by HPS

Price: CAD \$19,900.00

**SKU:** HPSJUPITER

**Product Categories:** [Batteries](#), [Lithium](#), [On Location Off-Grid](#), [On The Road](#), [Portable Universal Packs](#), [Shop](#)

**Product Tags:** [batt pack jupiter](#), [camp](#), [canada](#), [cold-weather](#), [generator replacement](#), [hps jupiter](#), [jupiter](#), [lithium battery](#), [low temperature](#), [portable battery](#), [work camp](#), [work site](#)

### Product Summary

Sometimes, in fact most times, hauling a large diesel generator to a work site or

remote camp is a problem. Especially in Canada. The challenges of transportation logistics, fuel handling & storage, and ongoing maintenance & repairs, make generators an evil necessity.

The Batt Pack Jupiter is designed to change this situation. The incredibly powerful Batt Pack Jupiter is a robust, portable lithium ion battery system designed to replace larger scale commercial and industrial grade generators with reliable energy. Designed for Canada, and built in Canada!

## Product Description

Sometimes, in fact most times, hauling a large diesel generator to a work site or remote camp is a problem. Especially in Canada. The challenges of transportation logistics, fuel handling & storage, and ongoing maintenance & repairs, make generators an evil necessity.

The Batt Pack Jupiter is designed to change this situation. The incredibly powerful Batt Pack Jupiter is a robust, portable lithium ion battery system designed to replace larger scale commercial and industrial grade generators with reliable energy. Designed for Canada, and built in Canada!

### Green, Clean Power With No Compromise

Say goodbye to noise, fumes, fuel, and pollution, and hello to the future.

Introducing the incredibly powerful Batt Pack Jupiter, a robust, portable lithium-ion battery system designed to replace larger scale commercial and industrial-grade generators. Ideal for any indoor or outdoor application, the Batt Pack Jupiter is exceptionally easy to use and delivers up to 7,000W of both 120VAC and split-phase 240VAC. This system is the perfect energy solution for various applications in the construction, railway, transit, military, mining, and marine industries, and is designed to last an entire work shift. At HPS, our products are built to last, and the Batt Pack Jupiter is no exception.

- High ROI (Save up to \$2,400/year in fuel/maintenance) - High tech battery management system - Indoor/outdoor all-weather usage - Great for remote, wet & confined worksites - No maintenance required - Restriction-free

operation (no fumes, fuel, or noise) - 10x longer life span (compared with lead-acid) - No diesel or fuel costs - Safest battery chemistry available - Vehicle charging kits available

## Batt Pack Jupiter Specifications in Brief

Power Output : 7000W

Peak Surge : 12000W (1sec)

Energy : 7.2kWh

Output Voltage : 120V AC & 240V AC

Solar Input Power / Input Voltage : 800W / 60V DC

VOC Input Voltage : 29-75V DC

Max Solar Amperage : 30A

Grid Charging Power / Bypass Charging Power : 1100W / 1500W

Chemistry : LiFePO4

Cycles : 3,500+ Cycles

Safety : Overheat, short circuit, over-current, & over-voltage protection

Dimensions : 91.4cm x 68.5cm x 58.4cm [36in x 27in x 23in]

Weight : 127 kg [280 lbs]

Equipment Run Times

HAMMER DRILL : 9.8 hours (Trigger time) 700W

LED CONTRACTOR LIGHTS X2 : 70 hours 100W

HAND GRINDER : 15.4 hours (Trigger time) 450W

HILTI TE 3000-AVR JACKHAMMER : 5.32 hours 1350W

HILTI DD200 DIAMOND CORE DRILL : 3.92 hours (Trigger time) 1800W

HUSQVARNA K3000 : 4.78 hours (Trigger time) 1500W

32" LCD TV : 70 hours 50W

SMARTPHONE : 700 charges 10 wh

LAPTOP : 140 charges 50 wh

REFRIGERATOR (SMALL) : 140 hours 30W

REFRIGERATOR (LARGE) : 70 hours 60W

LIGHT (HIGH EFF) : 1400 hours 5W

## Product Attributes

- Dimensions: 95 &times; 70 &times; 60 cm
- Weight: 130 kg
