Product Summary

The BPP-H1500 1500Wh Renewable Power Pack by Bioenno is a cost-effective

alternative to the big name-brand solar generators. Bioenno, well known in the ham radio community for their exceptional lithium battery packs, has quietly built this well equipped portable power pack that demonstrates both form & function. If you are in the market for a portable solar power station for family camping, use at the cabin, or emergency home back-up, then the BPP-H1500 should be on your shortlist.

Product Description

The BPP-H1500 1500Wh Renewable Power Pack by Bioenno is a cost-effective alternative to the big name-brand solar generators. Bioenno, well known in the ham radio community for their exceptional lithium battery packs, has quietly built this well equipped portable power pack that demonstrates both form & function. If you are in the market for a portable solar power station for family camping, use at the cabin, or emergency home back-up, then the BPP-H1500 should be on your shortlist.

The **BPP-H1500** a versatile, compact, power pack based on advanced NCA lithium-ion cell technology for powering various portable electronics including cell phones, tablets, and laptop computers anywhere at any time. Every aspect was crafted to provide the best performance from the Pure Sine Wave Inverter to the MPPT Solar Controller giving this unit the widest operating range from commercial electronics to sensitive medical equipment requiring specialty high-performance power systems. This device can be used in conjunction with the highest end electronic devices requiring a smooth and stable modulated power output. The sky is the limit!

BPP-H1500 Power Pack Specifications

Battery Type : NCA (Lithium Ion)

Battery Voltage : 14.8V

Battery Capacity : 102Ah

Watt Hours : 1509 Watts Hours

Household 120V AC Power

Built-In Inverter : Pure Sine Wave

Maximum Continuous AC Discharge : 1000 Watts

Peak Continuous AC Discharge : 1200 Watts less than 1 second

USB Ports

Dual USB : 3A @ 5V (total of both ports)

TYPE C OUTPUT : 45W PD2.0 (5V / 3A, 9V / 3A, 12V / 3A, 15V / 3A, 20V / 2.25A)

DC Port

DC12V output (cigarette lighter) : 12V / 9A

Solar Input Charging

PV Max Input Power : 500W

PV Input Voltage Range : 16-60VDC

PV Max Input Current : 10A

MPPT Efficiency : 99.5%

General

Maximum System Operation Temperature : (0°C ~ 40°C) 32°F ~ 104°F

Cycle Life : >2000 cycles

Dimensions (L x W x H) : 371.5 x 165.4 x 364.7mm (14.6" x 6.5" x 14.4")

Weight: 17.2kg (37.9 lbs)

Warranty

Returns/Exchange: 30 Days

1 Year Warranty

Product Attributes

- Dimensions: 1 × 1 × 1 cm
- Weight: 18 kg
