Product Summary

This is the BSP-60-LITE. A 60 Watt Foldable Solar Panel by Bioenno that creates a powerful portable solar solution that works with most portable battery packs. It's one of Bioenno's popular folding monocrystalline solar panels.

Product Description

This is the BSP-60-LITE. A 60 Watt Foldable Solar Panel by Bioenno that creates a powerful portable solar solution that works with most portable battery packs. It's one of Bioenno's popular folding monocrystalline solar panels.

Featuring dual large sized panels, this unit is ideal for field-day applications and other such applications where you are out in the field for extended periods of time with plenty of sunlight on hand but no access to the power grid. Pair this panel with most portable battery packs to take most electronic devices out into the field.

Laptops to radio equipment, communications gear and PA systems.

A Bioenno Power solar system offers clean and modulated output while being completely silent with no EMI/RFI (Electromagnetic Interference/Radio-Frequency Interference). And unlike traditional gasoline generators, sunlight is a bottomless fuel-source you don't have to pay for. With a solar system, as long as you have sun you have electricity. **This solar panel includes the free padded case. Please note: This Solar Panel DOES NOT include the Solar Charge Controller - it is sold separately. Always use a Solar Panel with a matching Solar Charge Controller** when using with battery - attaching a panel directly to a battery is not advised.

Many pre-built power stations, such as the Goal Zero Yeti 500X, come with charge controllers built-in.

Recommended external solar controllers...

Specifications

Maximum Power Output: 60W

Maximum Voltage: 18V

Maximum Current: 3.33A

Open Circuit Voltage: 22V

Dimensions Folded:(L x W x H) 20.55in. x14.17 in. x 1.77 in. (522 mm x 360 mm x 45mm)

Dimensions Unfolded: 26.77 in. x 19.41 in. x 0.24 in. (680 mm x 493 mm x 6 mm)

Weight: 5.47 lbs. (2.48 kg.)

Temperature Range: -49°F ~ 185°F (-45°C ~ 85°C)

Connector: 50A Power Pole

Chaining Requirements*

Product can only be chained with matching Solar Panels of the same model with matching voltage and current

Series: Okay to chain, any number of panels acceptable

Parallel: Okay to chain, any number of panels acceptable

*Wiring and cabling for chaining available upon request

- Warranty: 2 Year Warranty

Product Attributes

- Dimensions: 1 × 1 × 1 cm

- Weight: 2.9 kg
