- Class T Fuses By Blue Sea Systems - 400A ()

Product Summary

Class T fuses for use with Class T fuse blocks. High interrupt capacity for large battery banks including lithium-ion and TPPL batteries.

Product Description

High interrupt capacity for large battery banks including lithium-ion and TPPL batteries.

Blue Sea Class T Fuse Features...

- Extremely Fast short-circuit response - Recommended by most major inverter manufacturers **Specifications...**

Interrupting capacity : 20,000A @ 160V DC

Max operating Voltage : 160V DC

UL Listed to standard 248-15

Available sizes : 250A, 300A, 350A, 400A

Blue Sea compatible fuse block : [5502](#)

Product Attributes

- Dimensions: 1 × 1 × 1 cm
- Weight: 0.2 kg
- Amperage: 250A, 300A, 350A, 400A
