Product Summary

This is the Conext System Control Panel by Schneider. Use this unit to monitor and configure your Schneider Conext inverter charger systems and Xanbus enabled accessories such as Schneider Conext MPPT charge controllers, auto generator start modules (AGS), and battery monitors.

Product Description

This is the Conext System Control Panel by Schneider. Use this unit to monitor and configure your Schneider Conext inverter charger systems and Xanbus enabled accessories such as Schneider Conext MPPT charge controllers, auto generator start modules (AGS), and battery monitors.

NOTE: This unit is being phased-out in favour of Schneider's new **Insight Home** system

The ConextTM System Control Panel (SCP) eliminates the need for separate control panels for each device and gives a single point of control to set up and monitor the entire Conext inverter charger system, including Conext MPPT Solar Charge Controllers. Featuring a graphical backlit liquid crystal display, the SCP selectively displays con guration, status and diagnostic information for all devices connected to the XanbusTM network.

Why choose Conext System Control Panel?

True bankability

• Warranty from a trusted partner with 178 years of experience

• World leader in industrial power drives, UPS and electrical distribution

• Strong service infrastructure worldwide to support your global needs

Higher return on investment

• Get the most out of Conext inverter charger systems and Conext MPPT Solar Charger Controllers

• Clearly understand status and settings

• Optimize system set up and device performance

Designed for reliability

• Extensive quality and reliability testing

Flexible

• Monitor and configure Conext XW+, SW, MPPT 60 150, MPPT 80 600, AGS, Battery Monitor

• Multiple SCP can be used on the same Xanbus network

• Compatible with Conext ComBox

Easy to service

• Access and troubleshoot Xanbus enabled devices on the network from one location

• Remove and replace without the loss of device settings

Easy to install

• Surface mount or panel mount on wall • RJ45 connections for Xanbus network cables

General Specifications

Model : 865-1050-01

Dimensions (H x W x D) : 15.2 x 10.3 x 4.0 cm (5.9 x 2.6 x 1.6 in)

Weight : 200g (6.4oz)

Panel Mount / Wall Mount Network Protocol : Xanbus

Connector : RJ45

Included Parts...

- Interface display panel

- Network terminal

- CAT5 cable (2.1 m)

- Mounting bracket & hardware
