### Product Summary

This is the Fuse Phone Solar Charger by Voltaic Systems. Smaller, lighter version of the Fuse Tablet charger. So when it comes to solar phone chargers, you won't find anything more rugged, powerful, or versatile than this kit. The Fuse Phone Solar Charger powers smartphones, DSLR camera batteries, and other USB devices off-the-grid. Attach to a backpack, bike rack, or almost anything else using the integrated, adjustable straps or MOLLE attachment system.

## Product Description

This is the Fuse Phone Solar Charger by Voltaic Systems. Smaller, lighter version of the Fuse Tablet charger. So when it comes to solar phone chargers, you won't find anything more rugged, powerful, or versatile than this kit. The Fuse Phone Solar Charger powers smartphones, DSLR camera batteries, and other USB devices off-the-grid. Attach to a backpack, bike rack, or almost anything else using the integrated, adjustable straps or MOLLE attachment system.

## Fuse Phone Solar Charger Features

- 5.5W of high efficiency solar - 6,400mAh USB Battery Pack for day/night charging without disconnecting the solar - Rugged construction to take all the off-grid bumps & drops of life - Zippered storage pocket with mesh organizers for cables and adapters; padded tablet sleeve holds most 10" tablets - Adjustable straps with integrated MOLLE attachment system - Case made responsibly from recycled PET Fabric (plastic soda bottles) **SKU:** B1038

## Fuse Phone Solar Charger Specifications

**Solar Panel** - 5 Watts at 6 Volts - Waterproof and UV-resistant panel  
20% efficient **SunPower** cells with ETFE coating

**V25 USB Battery On-Board** - Capacity: 6,400mAh, 23 Watt Hours - Output: 5V/2A , 3A max (2 outputs) - MicroUSB Input: 5-6V/2A - USB-C (Input Only): 5V/2A -  
Battery Type: Li-Ion - Protection: Short circuit over charge, over discharge, over

temperature (35°C Input Cutoff, 45°C Output Cutoff), under temperature (0°C Input Cutoff, -20°C Output Cutoff) - Safe for air travel ([Carry-on Luggage Only](#))]

**Size and Weight** - Dimensions: 26.6 x 19.1 x 4.1 cm - Total Weight: 635 grams  
(Includes V25 Battery Pack)

**Fuse Phone Kit Includes** - Fuse Phone Solar Charger - USB Battery Pack - USB -  
MicroUSB Charging Cable

Who is Voltaic Systems?

Voltaic Systems is a full-service provider of remote charging solutions.

Established in 2004, Voltaic broke into the solar industry by designing the world's first solar backpack. Since then, they've applied their extensive knowledge and experience to provide a complete line of solar panels and battery packs for both consumer and industrial customers.

Modern Outpost has been promoting Voltaic Systems' products to the Canadian market since 2006.

From powering bednet distribution programs in Nigeria to designing custom power systems for large-scale asset tracking deployments, Voltaic's customers count on their equipment to keep their devices charged. They choose Voltaic not only for innovative, high-quality products but because of their commitment to understanding project needs.

Voltaic's mission is to promote sustainable technology through research and design while enabling our customers, big and small, to do more. We believe in quality engineering, collaborative problem solving and creating sustainable solutions that support our customers and the planet.

If you have any questions regarding Voltaic products, or wish to discuss a special solar project, please feel free to [contact us](#)].
