### Product Summary

Goal Zero 44050 Boulder Mounting Brackets (4 Pack). A simple mounting bracket kit for installing Boulder 50 and Boulder 100 Solar Panels. Comes with four brackets and hardware, ideal for installation on vehicle roofs and non-inhabited dwellings

like sheds, DIY racking, A-frames, etc.

## Product Description

Goal Zero 44050 Boulder Mounting Brackets (4 Pack). A simple mounting bracket kit for installing Boulder 50 and Boulder 100 Solar Panels. Comes with four brackets and hardware, ideal for installation on vehicle roofs and non-inhabited dwellings like sheds, DIY racking, A-frames, etc.

Goal Zero recommends not using these on inhabited dwellings or RV or boat roofs without proper flashing or water seal considerations.

Modifications to the brackets is necessary for use with any other solar module frames.

**Want a water sealed version of this same thing that can work with any solar module?**

Check out our other [Z-Bracket Kit with expansion nuts](#)]. These sit under the modules.
