Product Summary

With the Cable Entry Plate, installation is cleaner and more flexible. No longer is the solar cable's entry limited to the refrigerator vent. With Go Power's Cable Entry Plate, run the wires through any part of the roof you choose.

Product Description

With the GP-CEP Cable Entry Plate, installation is cleaner and more flexible. No longer is the solar cable's entry limited

to the refrigerator vent. With Go Power's Cable Entry Plate, run the wires through any part of the roof you choose, ideally as close as possible to the battery for the most efficient charging and minimizing energy loss. This product has been designed from the ground up to provide the best solution on the market for a cable entry port for RV rooftops.

Select from various Cable Entry Plate options...
