### Product Summary

The Go Power! GP-FLEX-110 Solar Kit. These solar panels are designed to provide a powerful charging solution for batteries and conform to almost any surface. Unlike other 'flexible' products, Solar Flex™ uses high-efficiency SunPower IBC monocrystalline cells that produce more power per square foot than any other flexible panel on the market.

## Product Description

The Go Power! GP-FLEX-110 Solar Kit features a 110W Solar Flex™ panel that is aerodynamic and incredibly durable. A virtually unbreakable solar battery charger for RVs, boats, work trucks and long-haul trailers and sleeper cabs. These solar panels are designed to provide a powerful charging solution for batteries and conform to almost any surface. Unlike other 'flexible' products, Solar Flex™ uses high-efficiency SunPower IBC monocrystalline cells that produce more power per square foot than any other flexible panel on the market.

### GP-FLEX-110 Solar Flex 110 Kit Features...

An impermeable lamination coats the entire module, allowing it to contour and flex against curved areas, eliminating any need for custom mounts. The panel can be affixed by adhesive or screw mounting options and grommets are an added bonus for ease-of-installation. The thin, lightweight module can also be sewn into canvas, making it a truly versatile solar module.

- Avoids costly custom mounts (modules curves up to 30 degrees) - Can be affixed with adhesive or screws - Provides a durable surface (module is less than 1/8" / 3mm thick) - Is ideal for lightweight RVs (modules are 82% lighter)

### GP-FLEX-110 Solar Flex 110 Specifications...

Model : GP-FLEX-110

Output Power : 110W

Rated Charging Current : 5.68A

Voc : 21V DC

Solar Cell : Flexible, Back-contact (IBC) monocrystalline

Framing : None

Installation : Penetrating & adhesive roof mount options

Solar Controller : [30A PWM](#)]

Expansion : GP-FLEX-110E 110W expansion panel

Dimensions : 44.6 x 21.4 x 0.1 in (1134 x 544 x 3 mm)

Weight : 2.9 lb / 1.35 kg

Output Warranty : 10 Years

Solar Controller Warranty : 5 Years

User Manual (GP-FLEX-110)

Spec Sheet (GP-FLEX-110)

.

This Kit Includes...

- 110 watts / 6.31 amps solar charging kit

30-amp single-bank, Bluetooth® PWM Solar Controller ([GP-SB-PWM-30-BT](#))\*] - 25'  
of solar output cable - RED (#10) - 25' of solar output cable - BLACK (#10)

## Product Attributes

- Dimensions: 115 &times; 55 &times; 3 cm
- Weight: 3.9 kg
