Product Summary

This is the GP-MPPT-40-60-R, the digital remote for Go Power's MPPT Pro series charge controllers. The MPPT Pro Controller Remote is a surface mounted remote display for the GP-MPPT-PRO-60 and GP-MPPT-PRO-40 solar charge controllers. The

GP-MPPT-PRO-R shows the charge current to the battery, battery voltage, and battery state of charge (SOC).

Product Description

This is the GP-MPPT-40-60-R, the digital remote for Go Power's MPPT Pro series charge controllers. The MPPT Pro Controller Remote is a surface mounted remote display for the GP-MPPT-PRO-60 and GP-MPPT-PRO-40 solar charge controllers. The GP-MPPT-PRO-R shows the charge current to the battery, battery voltage, and battery state of charge (SOC).

A Solar Controller (or Charge Controller / Regulator) is an essential component of your photovoltaic solar system. The Controller maintains the life of the battery by protecting it from overcharging. While there is a display on the face of the MPPT-PRO-60 charge controller, this remote can be located up to 25' away for easy viewing.

Includes 25' Data Cable

Want to see the controller's status on your smartphone?
