Product Description

This 7 pin adapter works with a trailer's existing 7 pin plug for the most convenient and accessible battery charging method. Quickly connect any of the Go Power

portable solar kits ([DuraLite](#)], [PSK-90](#)], [PSK-130](#)], [PSK-200](#)]) to your RV or trailer's 7-Pin port.

On one end of the cable is the 7-Pin connector to fit your trailer's 7 pin port. The other end easily plugs into an anderson style connector on your portable solar output cable. The 7 pin connector comes with a dust protector cap.

Consider getting the [30 FOOT ANDERSON EXTENSION CABLE](#).]This accessory cable provides your solar kit with greater versatility in placement. Put the solar panels in the sun, while you park in the shade.
