The five inch touch screen display gives an instant overview of your system and allows you to adjust settings. Simply connect the display to the Cerbo GX with just one cable. The GX Touch 50 has a waterproof design, has a top-mountable setup and is simple to install.

Product Description

The Victron GX Touch 50 is a energy system display accessory for the [Cerbo GX](#) communications center. The five inch touch screen display gives an instant overview of your system and allows you to adjust settings. Simply connect the display to the [Cerbo GX](#) with just one cable. The GX Touch 50 has a waterproof design, has a top-mountable setup and is simple to install.

The GX Touch 50 touchscreen can be bolted on a dashboard, eliminating the need to create perfect cutouts. Connection is easy via just one cable, taking away the hassle of having to bring many wires to the dashboard. The Bluetooth feature enables a quick connection and configuration via our VictronConnect app.
