Product Summary

The Goal Zero LightHouse Mini. The ultra compact USB lantern that charges from solar or any USB port, and can power your USB devices. Super bright, with 210 Lumens of adjustable lighting power.

Product Description

The Goal Zero LightHouse Mini. The ultra compact USB lantern that charges from solar or any USB port, and can power your USB devices. Super bright, with variable lighting control.

210 Lumens of adjustable lighting power (210 is a lot by the way!). Weighs only 8 oz with a replaceable battery. Runs on low setting for 500+ hours.

LightHouse Mini Features

DIMMABLE, DUAL LED LIGHT

Adjustable brightness and lighting direction. Runtime can extend up to 500 hours on the lowest "night-light" setting.

VERSATILE

Fold-down legs for maximum light dispersion. Built-in hook and magnets for versatile mounting.

CHARGE PHONES & USB GEAR

Built-in 1A USB port with 3,000mAh battery for up to one full phone charge.

SOLAR READY™

Plug into any USB port with the built-in charging cable, power up from Goal Zero Nomad or other USB solar panel.

PREMIUM BATTERY

The internal lithium-ion battery is easily accessible. Swap out the internal battery with a spare 18650 Goal Zero battery to have even longer run times & power storage.

Performance

- One side lit (low power) 500+ hrs - One side lit (high power) 7 hrs - Both sides lit (low power) 400+ hrs - Both sides lit (high power) 4 hrs
