Product Summary

The MMS1012-G Inverter / Charger is a pure sine wave inverter providing a cost effective solution for those with smaller power needs, particularly in mobile & back-up applications. Versatile, easy-to-use, and lightweight, the MMS Series provides a reliable base for your energy system. **Made in the USA**

Product Description

Magnum MMS1012-G Inverter Charger with GFCI & 3' AC cord.

This Inverter / Charger is a pure sine wave inverter providing a cost effective solution for those with smaller power needs, particularly in mobile & back-up applications. Versatile, easy-to-use, and lightweight, the MMS Series provides a reliable base for your energy system.

Made in the USA

MMS1012-G Features...

Standard 20A transfer relay

Low/High Battery Protection

Versatile Mounting

Fan Cooled

Current Overload Protection

Circuit breaker protection

Battery Temperature Sensor

Power Factor Corrected (PFC) Charger: An advanced PFC charger is built into all Magnum inverter/chargers. It uses less energy from its input source (grid or generator) than a standard charger – using 25-30% less AC current than standard chargers.

MMS1012-G Specifications In Brief...

- 1000W Continuous - 1750W Peak/Surge - 120V AC output (60Hz) - 12VDC
Input - 50A PFC Charger - GFCI Outlet - 20AAC Transfer Switch [Download the](#)
