### Product Summary

This is an MC4 To Anderson power pole adaptor cable. Use it to go from standard solar panel MC4 connectors, or Goal Zero Boulder 90 solar panels, to the Anderson Power Pole input on your Goal Zero Yeti battery pack or other battery system that uses the Anderson connector.

This is a generic version of the Goal Zero 98014.

### Product Description

This is an MC4 To Anderson power pole adaptor cable. Use it to go from standard solar panel MC4 connectors, or Goal Zero Boulder 90 solar panels, to the Anderson Power Pole input on your Goal Zero Yeti battery pack or other battery system that uses the Anderson connector.

This is a generic version of the Goal Zero 98014.

MC4 To Anderson Cable Specifications...

10 gauge super flexible power wire

24 inches long

Direct replacement for Goal Zero 98014

Note the Powerpole connector configuration is stacked vertically and made with fingerproof Powerpole housings for Goal Zero Yeti 1250 and other Yeti battery pack compatibility. This will not mate with other standard configuration Powerpole connectors.
