Product Summary

ME-AGS-S Magnum Auto Gen Start Module - Stand-Alone model.

The ME-AGS-S is the 'standalone' version of Magnum Energy's Automatic Generator Start (AGS) controllers. This auto generator start controller can automatically start your generator based on battery voltage or high temperature. Compatible with most major generator brands.

Product Description

ME-AGS-S Magnum Auto Gen Start Module - Stand-Alone model.

The ME-AGS-S is the 'standalone' version of Magnum Energy's Automatic Generator Start (AGS) controllers. This auto generator start controller can automatically start

your generator based on battery voltage or high temperature.

Adjustable settings include: run time, start volts DC, start temp, quiet time, and 24 hour clock.

Works with ME Series, MM Series, MMS Series, MS Series, MS-PAE Series and RD Series.

This Auto Gen Start Kit includes: AGS module, Remote on/off/test switch, switch bezel, a 25' 6-wire cable, and has basic adjustments starting on battery voltage or temperature.

*NOTE: this module does not require an inverter / charger.

The Magnum AGS is compatible with most major generators, including Onan, Powertech, Generac, Westerbeke, Kohler, EPS, Northern Lights, and most portable generators with electric start. Please check with your Magnum dealer for specific model compatibility.

Download the Manual: [ME-AGS-S Auto Gen Start Stand Alone Manual | 64-0004 Rev C](#)] **NOT ABLE TO ORDER MAGNUM DUE TO ONGOING SUPPLY ISSUES?**

Check out the **Atkinson GSCM-MINI-I AGS** that works with all inverters.
