Product Summary

The MidNite Solar Surge Protector Device (MNSPD-300-DC) is a Type 1 device per UL1449 rev3. It is designed to provide protection for Classic and other charge controllers, off grid PV combiners and 120/240 VAC circuits.

Product Description

The MNSPD is offered in three different voltages to maximize the required protection level. Protection is achieved by reducing the clamping voltage to a safe level that your system can sustain without damaging any electronics in the system. The MNSPD-300-DC is designed to clamp a 115,000 amp surge! Blue LED's provide visual indication of operation from a distance.

The MidNite Solar Surge Protector Device (MNSPD-300-DC) is a Type 1 device per UL1449 rev3. It is designed to provide protection to service panels, load centres or where the SPD is directly connected to the electronic device requiring protection. Protection for Classic and other charge controllers, off grid PV combiners and 120/240 VAC circuits.

MNSPD-300-DC Features & Specifications...

- Environmental Rating - Type 4X (Outdoor) - Warranty - 5 yrs. - Listed by ETL for US & Canada - Made in the USA

Dimensions : 4.4"L x 3.8"W x 3.5"D

Product Attributes

- Dimensions: 1 × 1 × 1 cm
- Weight: .4 kg
