## Product Summary

The MidNite Solar Surge Protector Device (MNSPD-300-AC) is a Type 1 device per UL1449 rev3. It is designed for AC systems and provides protection to service panels, load centres or where the SPD is directly connected to the electronic device requiring protection. 300V AC model.

## Product Description

The MNSPD-300-AC is offered in three different voltages to maximize the required protection level. Protection is achieved by reducing the clamping voltage to a safe level that your system can sustain without damaging any electronics in the system. The MNSPD-300-AC is designed to clamp a 115,000 amp surge! Blue LED's provide visual indication of operation from a distance.

The MidNite Solar Surge Protector Device (MNSPD-300-AC) is a Type 1 device per UL1449 rev3. It is designed for AC systems and provides protection to service panels, load centers or where the SPD is directly connected to the electronic device requiring protection.

MNSPD-300-AC Features & Specifications...

- Environmental Rating - Type 4X (Outdoor) - Warranty - 5 yrs. - Listed by ETL for US & Canada - Made in the USA

Dimensions : 4.4"L x 3.8"W x 3.5"D

## Product Attributes

- Dimensions: 1 &times; 1 &times; 1 cm
- Weight: .4 kg
