Product Summary

The Nomad 5, a rugged fixed USB solar charger by Goal Zero. This lightweight solution for on-the-go power from the sun, features 5-watts of monocrystalline solar cells in a rugged enclosure with an easy-to-use kickstand and USB output.

Product Description

The Nomad 5, a rugged fixed USB solar charger by Goal Zero. This lightweight solution for on-the-go power from the sun, features 5-watts of monocrystalline solar cells in a rugged enclosure with an easy-to-use kickstand and USB output.

Nomad 5 Features...

- 5 Watt panel gives you the solar collecting capability needed to charge your phone anywhere the sun shines.
- Built-in kickstand clicks into place at multiple angles, so you can easily position your panel for optimal solar collection.
- Rugged and durable, built to last as long as your adventures do.

What can the Nomad 5 Charge?

Solar panels do not hold a charge, they produce power when exposed to sunlight. For the best charging experience, pair with a Flip 12 power bank to keep devices charged on the go. Simply plug the Flip into the panel's built-in charging dock to charge the battery from sun while hiking, biking, or on the move. Then, use the Flip to charge your phone when the sun goes down. The Nomad 5 is great for charging things like:

Headlamps

Phones

Other smaller USB devices

Goal Zero Power Banks (as well as other USB-based power banks)...

[Flip 10](#), [Sherpa 15](#), [V25](#), [Sport 25](#)

Specifications...

SOLAR

Capacity: 5V, 5W

Cell Type: Monocrystalline

PORTS

USB Port: 5V, up to 830mA (5W max)

GENERAL

Product SKU: 11500

Weight: 12.7 oz (360 g)

Dimensions: 9.5 x 7 x 0.8 in (24 x 17.8 x 2.0 cm)

Max Leg Angle: 180 degrees

Warranty: 12 months

Product Attributes

- Dimensions: 32 × 27 × 6 cm
- Weight: .9 kg
