## Product Variants

- SAE to Anderson Powerpole Adapter Cable - 3.65m (12-Foot) ()
- SAE to Anderson Powerpole Adapter Cable - 7.6m (25-Foot) ()

## Product Summary

This SAE Anderson cable is made with 16 gauge black zip cord. A Powerpole to bullet (automotive SAE connector) 12 or 25 foot adapter cable. Great accessory for SAE solar panels connecting to batteries & power packs (like many of the Goal Zero Yeti series).

## Product Description

This SAE Anderson cable is made with 16 gauge black zip cord. A Powerpole to bullet (automotive SAE connector) 12 or 25 foot adapter cable. Great accessory for SAE solar panels connecting to batteries & power packs (like many of the Goal Zero Yeti series).

The exposed side of the bullet connector is the ground.

Choose from 12' or 25' length.
