Product Summary

Samlex SSP-100-KIT 100W Solar Module Package. This is a simple way to get a top-quality polycrystalline solar module with mounting feet and standard MC4 connector cable, all in one box. Use the Samlex Solar Panel Kit with any solar charge controller over 10A for a flexible installation, or as an expansion panel for an existing solar system.

Product Description

Samlex SSP-100-KIT 100W Solar Module Package. This is a simple way to get a top-quality polycrystalline solar module with mounting feet and standard MC4 connector cable, all in one box. Use the Samlex Solar Panel Kit with any solar charge controller over 10A for a flexible installation, configured the way you want it or as an expansion panel for an existing solar system.

Every Samlex Panel Kit Includes:

- High Efficiency Solar Panel - Pair of 20' Solar Connecting Wires (#12 Gauge PV Wire) - Mounting Brackets and Hardware

Branch connectors sold separately when expanding on an existing installation.

SSP-100-KIT Features...

- 100W solar module - High efficiency crystalline solar cells - Low profile panel design - All weather Anodized aluminum and Tempered Glass construction - 25 year Power Warranty - Top quality cable & mounting hardware
