Product Description

The latest edition of this popular portable power bank! The airline approved Goal Zero Sherpa 100PD Power Bank has the capacity to charge your USB devices multiple times, all in a slim, rugged design that won't slow you down. It covers all the latest USB-C devices like laptops, tablets, and phones through a powerful 100W USB-C Power Delivery port. A 15W wireless Qi charging system is also built-in. The 2-year warranty is proof that this is in a quality & performance

class of its own.

SHERPA 100PD Features

Airline approved, travel ready

Lightweight, sleek design fits easily into packs, bags, and camera cases. Ideal for travel where space is limited.

Charge quickly on the move

Fast-charging Power Delivery gives you more power in less time. Charge USB-C laptops, phones, and tablets using the powerful 100W USB-C Power Delivery port. Don't worry... your device tells the USB-C port how much power it wants.

[Learn about PD charging.](#)

Ditch the cables if you can

Charge your Qi-compatible phone from the integrated 15W Qi charging pad for an entirely wireless experience.

No device left behind

Two 2.4A USB ports are useful for devices with proprietary charging, such as fitness trackers, gps devices, and micro/lightning phones.

Colour LCD Display

It's easy & uncomplicated to know your Sherpa's status.

Aluminum Chassis

Rugged construction with bumpers makes the Sherpa 100PD durable and built to last through all of your adventures.

Three Ways To Charge Your Sherpa 100PD

From The Wall

New 65 Watt USB-C charger (not included) recharges from a USB-C source in 2 hours.

From The Sun

Connect a compatible solar panel. The [Nomad 20](#) will fully recharge the Sherpa 100PD in about 8-16 hours. Other USB solar panels include: [Nomad 10](#), [Arc 10W](#), [Stellar 9](#).

From Your Car

Plug into your vehicle's USB-A outlet or use a [USB-C car charger](#).

Typical Charge Times

- USB-C Wall Charger (65W): 2 hrs - Nomad 10: 15-30 hrs - Nomad 20: 9-18 hrs
