Product Description

Solar Heated Camp Shower - 5gal/20L.

The very best in packable solar-heated camp showers are here. The PVC-Free & BPA-Free solar camp showers we carry are user-friendly and packable. A little bit of warm water comfort in the back country.

Solar Heated Camp Shower Features...

- Wide mouth opening for easy cleaning, filling and drying
- A comfortable slide-bar doubles as both the port closure and toting handle.
- Molded-in finger grips allows for a comfortable handhold for toting a full shower.
- Reflective printing allows you to more easily find your shower at night.
- The tear drop shape concentrates the water flow to the shower nozzle.
- Super tough kink-free urethane tube
- Easy-to-use push-pull design shower head complete the shower.
- Made with PVC-Free materials
- Remember, when using a solar shower in colder climates, the 2.5gal/10L size heats up the fastest.

Solar Heated Shower Specifications...

- Capacity : 5Gal / 20L
- Dimensions : 27in H x 18in W
- Shower Time: 11 minutes 45 seconds continuous
- BPA-Free & PVC-Free
