Product Summary

One of the most handy accessories in our catalog. Tiny, powerful. Plug it into any USB battery pack to create your own flashlight.

The diffuser makes a very comfortable yet bright & diffuse light. The light is a high quality white, not like the cheap, pale blue you commonly find.

Product Description

The USB Flashlight converts any Voltaic battery or other USB power source into a bright light. Need a convenient light on the go or some guidance in your tent at night? Feather light, this is the perfect accessory.

Universal USB Compatibility: Runs up to 12 hours from an 11Watt-Hour battery pack like the Voltaic V11 or Brunton Inspire batteries.

Light and Tiny: Only 0.5 ounces, 1.5 x 1 inch.
