Product Summary

This hearty little case can accompany you on all your adventures from biking to hiking, beach to poolside. Rugged, structured outside protects from crushing and impact, while the specialized zipper seals your contents in to keep sand, dirt and moisture out.

Product Description

Highly water resistant, this case will withstand rain and splashes, however it is not a fully sealed case and should not be submerged. The Xplorer case delivers powerful sound, from a small size that will also hold your music player or phone, with a little extra room for a few necessities, like your ID, credit card, keys or headphones. This case packs the punch you need to keep going with a small size that won't hold you back, go Xplore!

Rugged Construction

Structured soft shell case provides protection for drops and bumps.

Water and Dirt Resistant

Specialized zipper keeps iPod safe from splashes, rain, dirt and sand.

Water resistant, not waterproof rating, this case is not intended for full submersion underwater.

Small Size, Big Sound

Three powerful exciter speakers deliver full range of sound, from deep bass to crisp highs.

Easy to Use

Simple control pad on the front of the case controls volume and powers speakers on/off to save battery power when not in use.

Perfect Fit

Holds iPhone, iPod or other similarly sized device with room to store ID, Credit Cards and/or Keys.

Protect and Organize

Soft felt internal divider protects iPhone or iPod from scratches. Two elastic and mesh pockets keep items secure and organized.

Ultra Portable

Multiple attachment options including a detachable wrist loop, belt pass-through and Double D-Rings with Straps to attach to bike handle bars or nearly anything! Straps stash into small external Velcro pocket when not in use.

Two AAA Batteries Included

Compatible with all standard 3.5mm headphone jacks
